Convenience

- There are not many places along the bay that offer the convenience of having your ceremony on the sand, yet still be walking distance to your reception venue.
- Enjoy the benefits of having your beach ceremony and reception in the same location such as...
 - Your family and friends are not troubled by the need to move venues and can get straight into 'party mode' as they don't need to disperse after the ceremony. This adds great atmosphere to both your ceremony and reception and makes the day easy and enjoyable from your guests' point of view.
 - It's advantageous for your bridal party as you can have your professional photos at the idyllic foreshore and Mordialloc pier. This means you have more time to enjoy 'photo time' and are not rushing from location to location.
 - Having a beach ceremony close to *THE LONGBEACH HOTEL* cuts the cost of needing to pay professional drivers to take your bridal party to photo locations. It also decreases lots of additional organising such as finding photo locations, finding drivers to transport your bridal party, organising photographers to meet at several different locations.
